

Caiwood Academy Cohorts

Build the supervisors and planners your operation runs on.

Live, multi-week cohorts that turn new supervisors and planners into people who run the day, not just survive it. Weekly sessions with a Caiwood X partner, short on-demand lessons between them, and a project in each participant's own area with results they can show.

WHAT PARTICIPANTS DO

Supervisor Academy

Six weeks: running a shift, standard work, coaching and plan versus actual.

Lessons between sessions

Short on-demand lessons and worksheets.

Planner & S&OP Academy

Eight weeks: demand, supply, inventory and the S&OP cadence.

Workplace project

Applied to the participant's own area, with a readout.

Weekly live sessions

Small-group sessions with a Caiwood X partner.

Certificate

Awarded on completion of the project.

WHAT IT IS NOT

- Not a lecture series: every week is applied
- Not a one-day course: see our live courses for those
- Not a certification exam prep course
